

Receiving Furniture from Custom Delivery Service

Custom Delivery Service delivers items that need special attention. CDS is a small, well-managed company located in Fredericksburg, Texas. If you have a question for them, call 800-460-2241.

Pick Up

Custom Delivery Service comes here on Fridays and blanket wraps furniture in our presence.

Delivery

You will receive three calls from CDS.

1. When we order the shipment, the CDS office will call you to verify your location and contact information, to ascertain any special conditions, and to set the delivery day.
2. A day or two before delivery, the CDS office will call to schedule a two-hour window for delivery.
3. Thirty minutes before arrival, the CDS driver will call to alert you.

Your furniture will be delivered by a two-man crew. They will set the furniture where you want it.

Possible Damage

Because of the care provided by Custom Delivery Service, shipping damage is very unlikely. However, please carefully inspect your furniture before signing the delivery receipt. If you do find any damage, the CDS crew will bring the piece back for repair or replacement.
